Representative Brian Becker  
District 019  
State of Connecticut General Assembly  
Legislative Office Building  
Hartford, CT 06106

Dear Senator Bye:

I am writing in support of Proposed Bill 5254. As a frequent user of the land controlled by the MDC, it is very important that we pass legislation that will allow quasi public facilities remain open to the general public. Allowing the general public to enjoy the many facilities in the state without concern of their being subject to lawsuits will enhance the public image of Connecticut.

As we approach the coming year of fiscal austerity, it becomes very important to pass legislation which improves the image of the State and therefore encourages tourist dollars.

Yours truly,

Beverly Hughes  
Board Member  
Bike Walk Connecticut
